Nero Express is a lightweight ... Download Nero Multimedia Suite Nero Multimedia Suite is a new version of Nero that was released in October 2011. Its main aim is to ease the process of burning and copying data to CD, DVD and Blu-ray discs. Nero StartSmart not only lets you record and copy, but also allows you to edit videos. Nero StartSmart is an add-on for Nero DiscSpan Utility that allows you to rip your discs and split your audio and video files into separate tracks. Also Nero StartSmart has a very user friendly interface, which is easy to use and very clear. In addition, Nero StartSmart is very similar to the popular Nero StartSmart, which is part of the Nero products. Nero StartSmart features automatic data backup to individual devices. Nero StartSmart also features TrueRotation technology that allows you to rotate the image during copying. This ensures

smooth playback of DVD videos and other digital media. Support for UDF technology to read DVDs allows you to search the DVD catalog by type, genre, year and other characteristics, and quickly switch between titles. Nero BackItUp for Reliable Backup and other important files Nero Bcrack is an application designed to protect your data from theft or loss. With Nero BackItUp installed you can easily and quickly back up your important files and folders from your hard drive or CD/DVD. Just choose exactly what you want to back up and specify where to save it. Then you can quickly restore the data in case of loss. Nero Bcrack contains two powerful functions: Backup and Restore. This will allow you to quickly restore all your files and folders in case you need them.
