User Review Making the iPhone 8 Screen Intelligently Adapt to Your Face - darkduck ===== trhway >The Cupertino-based tech giant has already rolled out a beta version of Face ID for users to try out, which will take into account “the unique characteristics of users’ faces” and “improve the accuracy of unlocking,” the report says. I guess Apple is going to be on the lookout to implement Face ID in a Windows 10 (a la Hololens) model. 2. Please scroll down to update on how it all unfolded 7:00am. I had a great time with her. We also discussed the warning of family violence. The thing is, I don't know if she could have physically done anything to me even if she wanted to, as she is much smaller than me. But I don't want to take any chances. I woke up from a nightmare that I was being hurt badly by my mother. Luckily I was dreaming. 7:30am. She didn't answer. I'm not sure whether she's sleeping or not. 8:30am. She
