The Kontakt 5 KPR tool offers a huge selection of effects and is divided in a lot of tabs. You can use the effects in stand-alone mode for single effects or for whole sequences. The BOSS effects offer a selection of 30 vintage drums, including thunder rolls and robot rolls. The newly revised sample library offers a huge selection of 10,000+ analog and digital samples. This library offers a wide selection of hi-quality drum and percussion samples. The library covers all the essentials of electronic drums, including kicks, toms and cymbals, and more. The library covers the broad spectrum of analog and digital samples, with sounds ranging from the very subtle nuances of cymbal interaction, to the extreme overdrive of a distorted guitar. The kick samples are enriched with lush and juicy overtones and 3D positional recording, giving you the feeling of a live instrument. The beatbuilders are easy to use and offer high-quality patterns that can be organized and edited into complex and beautiful grooves. The patterns are easily organized, with 4 beat styles, and are built for various styles of music, from hip-hop to EDM. You can use the BOSS Effect Lite for free. The full version costs \$19.99 but is well worth the money if you are looking for a hi-quality drum library with loads of presets and a large selection of sounds. Detailed information: The sample library features samples for the Roland SK-1A Synthesizer, and for the Korg TR-3 and PR-10 Sampler.
