Clipboard Wizard Crack+

Clipboard Wizard Cracked Version is a small software application designed with a single goal in mind: to help you automatically convert any text that you place on the clipboard to plain text. The advantages of being portable Since this is a portable program, it is important to mention that it doesn't leave any traces in the Windows Registry. You can copy it on any USB flash drive or other devices, and take it with you whenever you need to convert formatted clipboard text to plain format on the breeze, without having to go through installation steps. Unobtrusive running mode The tool runs quietly in the system tray until called upon when it reveals only a few options to play with. Everything is kept as simple and clear as possible, so even rookies can master the entire operation on the fly. Automatic conversion capabilities Basically, it proves to be extremely easy to work with this tool, as it sits in the system tray without interfering with your work, and it lets you automatically convert the formatted text that you may copy from various webpages or other third-party tools to the clipboard. The tool's aim is to help you get rid of all extra formatting, font, color, and table information, and convert the text to plain format. Performance Since it doesn't offer support for any configuration settings, even less experienced users can learn to make the most out of this app in no time. Tests revealed that Clipboard Wizard For Windows 10 Crack carries out a task quickly and without hampering your computer performance. Bottom line All in all, Clipboard Wizard Product Key offers a simple yet efficient software solution for helping you automatically convert any text that you copy to the clipboard to plain text format.
